

WEST COASTIN'

Steven Lindsey

Carlsbad

This town wasn't even on our radar (because we don't really care about [Legoland](#)), but when we learned about the dining at the [West Inn & Suites](#), we knew it was worth the short drive. Home to one of the truest [farm-to-table](#) and [farm-to-bar](#) experiences, West Steak & Seafood and Bistro West procure much of their herbs, fruits and vegetables from a farm they own and operate. We were blown away sip after sip and bite after bite, among the best we had in all our travels of 2014. And that's saying a lot.

When in Southern California, UBER is our preferred method of transportation and cars are plentiful throughout the area. Use code [HESAIDMAG](#) for \$20 off your first ride. **Valid throughout the United States**, so share with your friends. [www.uber.com](#)
